

ReActing

AS A STAR

The third edition of the networking programme **ReActing as a Star** will be held from 14 to 17 June 2024 in Kranj within the fourth edition of KRAFFT acting film festival.

ReActing as a Star is the independent tailor-made program, unique in our region and dedicated to experienced actors from Balkan region and young talents of the Sarajevo Talent Campus Alumni – Acting Studio 2023 who are also taking part.

The goal of the **ReActing as a Star** program is to connect actors, casting directors and agents and promote them primarily regionally and then internationally. It is designed as a networking event where actors will be able to create new business opportunities and at the same time increase their competencies and broaden their knowledge. During the three-day event, well-known actors, directors, and casting directors will share their professional experiences with the participants as experts and leaders of thematic workshops. Attendees will enjoy an intimate atmosphere in the small group of informal socializing, conducive to friendships, conversations, and business networking.

We select two actors (one female and one male) from each of these countries; Slovenia, Croatia, Bosnia and Herzegovina, Serbia, Montenegro, and Northern Macedonia. Actors need to be experienced and fluent in English language. Dedicated and full time participation in all programme activities is expected and mandatory.

ReActing as a Star, the Industry program for actors, is launched as an initiative of the Slovenian Film Centre, created, and produced by Secret Arts Cinema and Pari Pikule and it is realised in collaborations with Croatian Audiovisual Centre, Film Center Serbia, Film Centre of Montenegro, North Macedonia Film Agency, and Sarajevo Film Festival.

Play Locally, Act Internationally!
